FUNERAL OF FIRE VICTIMS

(Associated Press Cable.)

NEW YORK, Apr. 6.—One of the largest and most impressive funeral processions that ever marched through the streets of this city today followed the long line of hearses carrying the bodies of the unidentified persons who perished in the great fire of March 25, in which one hundred and forty-eight, the majority girls, met a horrible death.

Seventy-five thousand people, it is estimated, including hundreds of the relatives of the dead girls, followed the hearse to the cemetery, where, in graves that will remain unmarked except by a common monument, were laid the charred and mangled bodies, mutilated so that the nearest relatives could not distinguish any identifying mark.

The route of the funeral passed the Wisner company's shirt-waist factory on the East Side, where the fire victims had fallen a prey to the flames, due to the criminal carelessness of someone. Here, as the parades filed past, many scenes of anguish took place. Thousands gazed upon the blackened walls of the ten-story structure and cursed the ones responsible for the absence of fire escapes. Others knelt upon the pavement, where scores of girls had dashed themselves to death, adding their tears to the water standing on the asphalt from the falling rain.

MEXICAN PRISONERS

BREAK FOR LIBERTY

PUEBLA, Mex., Apr. 5.—The prisoners in the state penitentiary here revolted against their guards today and battled desperately for liberty. One guard was killed before the general alarm could be sounded, and scores of prisoners were pouring over the wall before the guard turned out. Twenty-two of the prisoners succeeded in getting away, five were shot down as they fled, and the majority were recaptured. It is thought that the ones at liberty will attempt to make their way to the City of Mexico.

LORIMER'S SEAT COST \$100,000.

SPRINGFIELD, Ill., Apr. 5.—Sensational testimony was given before the special committee of the State Senate investigating the charges of bribery made in the Illinois Legislature regarding the election of United States Senator Lorimer. Clarence Funk, general manager of the International Harvester Company, testified that Edward Hines, the Chicago millionaire lumber merchant, had asked him to contribute \$10,000 to reimburse the ring that had expended \$100,000 in Lorimer's election.

SAYS ISLANDS PICNIC GROUND

Returned Oregonian Tells of Opportunities for Tourists.

"While the white race is dominant in the Hawaiian Islands, the whites are outnumbered by the Japanese two to one," said E. L. Thompson, of Hartman & Thompson, bankers, yesterday. Mr. Thompson had just returned from a seven weeks' vacation on which he was accompanied by Mrs. Thompson and their son, Edward.

"Honolulu has a population of about 55,000," he continued, "and only 5000 are whites. The remainder are Kanakas, Japanese, Chinese and members of other races. The Japanese are the most important force in the islands. They do all the work, and are thoroughly organized."

"One of the biggest works in the islands is the Naval station at Pearl Harbor, where the Government is expending \$14,000,000. At Diamond Head extensive land defenses are being constructed."

"The natives are a good-natured, easy-going people, who get along with but little effort. With an abundance of fish, fruit ripening the year round and plenty of taro root, from which their poi is made, they find life easy. The Chinese are the best laborers, as they are industrious, honest and faithful."

"Sugar is the principal industry, and while it is very profitable it requires a large amount of capital. There is a large pineapple plantation there now, and cotton-growing is being developed. The sea-island cotton is different from the variety grown in our southern states. It is a larger shrub, the texture is finer and it brings a higher price."

"Hawaii can readily be made a great picnic ground that will attract tourists from all parts of the United States. The climate is pleasant, the foliage and flowers beautiful and the fruit a perennial attraction. There are fine summer hotels and the Government maintains a native band. While we were there the temperature ranged from 70 to 85 degrees, and it does not get much warmer in Summer."—Portland Oregonian.
